## *Message from the President*

Dear UP ISAians,

It gives me immense pleasure in writing this message for the ISA UP State Chapter, Newsletter. It is a brainchild of all the active members of ISA, UP Chapter. It will probably not be wrong in saying that it would be the first Newsletter of ISA, UP state, **'Nischetak'**.

When I took over as President of the Chapter at Noida in 2022, we the members of executive committee had a distinct vision, to uplift academic environment in the state. To name a few; organize ISA sponsored CME in city branches, monthly virtual PG classes, streamlining different Awards and make the system more transparent and objective, Inaugurating the UP ISA House and making it functional, establish a Rule Book for the state and finally initiate a Newsletter for the state. I am elated to visualize that most of our agendas will be a reality by the end of my tenure as a President. So, at the outset, I would like to congratulate and thank all the Executive Committee members and in particular Dr Sandeep Sahu and Dr Tanmay Tiwari for their unconditional support and always standing tall beside me. I feel planning is not a big deal, but execution of those plans is a real test of time. The State Office bearers have overstretched themselves to prove themselves they are the BEST.

The primary objective of starting this 'Newsletter-**Nischetak**' is to make it a source of information for the members of the society the academic activities organized in different city branches in the state and indirectly motivate each individual to participate in such activities. It will also give impetus to other city branches in the state to organize such academic meet. In addition, it can serve as a medium through which the budding anaesthesiologists of the state can share their clinical activities, new strategies, and techniques in patient management. Further, it can also be a platform where the experienced anaesthesiologists can share their knowledge and update the young anaesthesiologists on the recent advancements in Anaesthesiology & Critical Care.

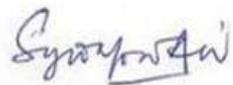

Initially we intend to publish it as a half yearly issue but as it gains popularity, we hope to publish quarterly. I feel proud to see that my thoughts will be converted into black and white and see the light of the day. My sincere thanks and best wishes to Dr Divya Srivastava and her editorial team for accepting the challenge and publishing this 'Newsletter' within a shortest possible time. It was really a tough job to collect information from all the existing city branches and compile them. Hats Off to Dr Divya and her team.

No endeavor will be successfully achievable without the blessings and good wishes from the Seniors and Legends of the State. We are indebted and grateful to Dr Prabhakar, Dr PK Singh, Dr LD Mishra, Dr Dipak Malviya, Dr Anil Agrawal, Dr DK Singh and many others who actively contributed to the development of the State Chapter. The list cannot be complete without mentioning the contribution of National EC members, Dr Virendra Sharma and Dr Bharat B Bharadwaj. They have been instrumental in making the UP, ISA vibrant and active.

I would take this opportunity to congratulate Dr Anil Verma, Dr Apurva Agarwal, Dr Aditya Shukla and the whole organizing team of UPISACON 2023 for organizing this mega event of national level. I wish them a grand success.

## *Message from The Secretary*

Dear Colleagues,

**T**his is my first address to the UP ISAians as your secretary. Since I took over the office in May 2023, I have been constantly striving hard to continuously take the UP chapter forward, be it academically or socially. The executive body of state as well as city branches have been a support and comrade in this task. The inauguration and initiation of its own house and office “The ISA UP House” and release of its own newsletter are two great mile stones achieved so far by the UP chapter of ISA. The newsletter “Nischetak” is intended to publish half yearly as of now and will bring to its members an overview of all activities conducted by their branches as well as, be a source of information regarding the recent advancements in the speciality. I implore my fellow members to work as a team to project ISA UP as an educational and scientific organisation directed towards improving the clinical practice and life of its members.

I wish all the best to the Dr. Aditya Nath Shukla, Dr. Sanjay Gupta and the whole organising team of the upcoming state conference, UPISACON 2023. May we strive for a better tomorrow.

Long Live ISA  
Jai Hind

**Prof. Sandeep Sahu**  
Honorary Secretary  
ISA UP State Chapter.

## *From the Editor's Desk*

Dear Esteemed Members,

**W**e are delighted to bring out the inaugural edition of the official newsletter of the Indian Society of Anaesthesiology, Uttar Pradesh Chapter, 'निश्चेतक'. The UP chapter of Indian Society of Anaesthesiologists, under the guidance of our President Prof. Syed Moied Sir and our secretary Prof. Sandeep Sahu, has been striving to be a transparent and progressive society with a vision of bonding the entire anaesthesia community, enhancing the image of the anaesthesiologist in society and mentoring the upcoming generation. 'Nischetak' aims to be the mouthpiece of the society along with highlighting the activities of different city branches and promoting knowledge in the field. A dream project of our president it intends to provide a platform to all its members to showcase their activities in academics, research, clinical, or cultural front. The inaugural edition provides information about executive bodies of all the city branches, under 'Know your City Branches' section. Further every attempt has been made to include achievements of each of them. It would be launched at the "45<sup>th</sup> ISACON UP 2023' at Kanpur. We congratulate the organizing team of the conference and wish them loads of success.

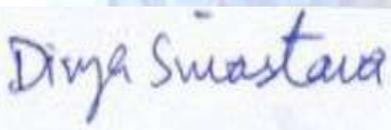

We encourage your comments, criticism or any other feedback because that would help your Newsletter improve. We invite both academic, cultural or any artistry contributions from all members for further editions.

Enjoy Reading.

Long Live ISA

# The ISA Flame in UP

The ISA flame event was announced by the National headquarters to take procession over entire country from 1<sup>st</sup> to 16<sup>th</sup> October 2022. It symbolised the relentless service of anaesthesia community to patient welfare and safety. In Uttar Pradesh the flame followed two routes.

Route 1: Received at Lucknow → Allahabad → Varanasi → Gorakhpur →  
Meerut → Gaziabad → Gurgaon

Route 2: Received at Kanpur → Saifai → Agra → Aligarh →  
Noida → Gurgaon

All the branches actively participated in reception of the flame. It was marked with some public awareness programmes like 'know you anaesthesiologist' and 'Compression-only life support (COLS)' campaign.

# The ISA UP House

ISA UP House is the official guest house cum office of ISA Uttar Pradesh. It was inaugurated on the auspicious day of 15th August 2023 by Dr PK Singh, Dr Anil Agarwal, Dr LD Mishra, Dr Brig. T Prabhakar, Dr Virendra Sharma, Dr Deepak Malviya and Dr Bharat Bhushan in presence of the state branch and city branch executives.

The seeds of the ISA UP house were sown by the previous executive committees. The current executive committee with Dr Syed Moid as president, Dr Kapil Singhal as vice president, Dr Sandeep Sahu as secretary and Dr Tanmay Tiwari as treasurer did the relevant mutation with Lucknow Nagar Nigam and fully furnished the flat for the official use as guest house and office. The past executive committee with Dr Anil Verma as president, Dr Rajiv Dubey vice-president, Dr Apurva Agarwal secretary and Dr Amit Rastogi treasurer did the official registry in later part of 2022.

The financial support for the purchase of Flat at Celebrity Greens, Sushant golf city Lucknow was possible due to generous contributions from Anesthesia education trust, ISA Varanasi, Dr PK Singh sir, Dr Anil Agarwal, Dr LD Mishra and all the members of ISA Uttar Pradesh. The house is open for members to utilise as overnight stay or conduct a CME.

## Mathura City Branch:

The up and coming star of the UP ISA nakshatra. Formed in 2017 by a handful of people in Mathura district of UP, Mathura Society of Anesthesiologists has come a long way since then. What started as a small group of freelance practitioners trying to organise, regulate and formulate oneness amongst the Anesthesiologists, now comprises over 40 active members working in harmony.

- ❖ Mathura Society of Anesthesiologists (MSA) got its state and National ISA registration as recent as 2022 in the month of August and is the youngest city branch under the aegis and guidance of ISA.
- ❖ Mathura holds the distinction of being the birth place of Lord Krishna and with His blessings MSA has taken strides in the one year of its registration.
- ❖ From holding CMEs at local level and organising BLS workshops for paramedics, from holding election meet and Diwali celebration meet for its members to organising a non ISA sponsored state level CME as its annual event, the kid is growing well it seems.

With its active and dynamic leadership and its united and unrelenting core committee, it is only poised to go further and farther with the blessings of State and National leadership

## An Ode To All Anesthesiologists

From understanding the physiology of a nonagenarian to a newborn,  
When all hell breaks loose and seconds count, still possessing the equanimity to perform,  
A branch which encompasses all medical specialities under one panoramic vision,  
In the midst of a crisis it involves making instant life altering decisions,  
A speciality respected for its knowledge, precision and dynamism,  
For to play a pivotal role, yet not walk away with laurels, requires a rare kind of  
sophistication,  
An amalgamation of pain physicians, intensivists, physcists and perioperative physicians  
Previously the unsung heroes, but post the covid pandemic the world has suddenly turned  
approbrative  
Yet, for us, the craft and the marvellous roller coaster ride of anesthesiology is an  
exceptional privilege, a rare prerogative.
